

Marin Master Gardeners
PRESS RELEASE

FOR IMMEDIATE RELEASE:

**Australian / South African Plants Guru Shares Stuff
— A Talk by Clarke de Mornay**

Thursday, October 8
7:00 p.m.
Marin Art & Garden Center, Livermore Room
30 Sir Francis Drake Blvd., Ross, CA
\$5 admission

Australian and South African plants are the new darlings of California gardens! They are low maintenance, low water-use, flourish in difficult soils, and mix happily with our natives and the other Mediterranean plantings we know so well. Plus, they are gorgeous, unusual and some flower constantly! Here is a great opportunity to learn about some new and fabulous flora to tuck into our gardens. Our speaker, Clarke de Mornay, an expert on Australian and South African plants, is a buyer for Flora Grubb Nursery in San Francisco. There will be plants for sale after his talk.

Sponsored by Marin Master Gardeners —Everyone is welcome. For further information, contact the UCCE Marin Master Gardeners Help Desk at 499-4204.
