

2010 SUMMER CAMP AT MAGC in the Habitat Garden

Join us for another summer full of fun and explorations in the Butterfly Habitat Gardens at the Marin Art and Garden Center. Come celebrate, investigate, and learn about ecology in the garden while enjoying hands-on activities like scavenger hunts, garden projects, arts and crafts, games and songs, science projects, special guests, and more! MAGC's eleven acres graced with heritage trees and extensive, varied plantings of California natives offer a unique setting in which your child will enjoy learning and have lots of fun, too.

All camps are \$250 per week

Location: Butterfly Gardens at the Marin Art and Garden Center

June 14 - 18 "Hop, Slither, and Crawl,"

for Preschoolers ages 3-4*

9 a.m.-12 p.m. M-F

* Children must be toilet trained

With magnifying glasses, we'll turn over rocks, peer into flowers, and sift through the worm bin in search of roly-polies, ladybugs, caterpillars and more! We'll also use our discoveries as inspiration for artwork and craft projects that will help us remember what we've learned and how much fun we had at **MAGC Camp**.

Please provide a snack, a lunch, and a water bottle for your child.

July 12 - 16 "California Treasures,"

for Incoming Kindergartners and First Graders

9 a.m.-1 p.m. M-F

Do you know what our state bird and butterfly look like? Join in on the fun as we explore the gardens in search of California's treasures flapping, buzzing and flying through the air, crawling on the ground and growing in the gardens. We will learn about our state's treasures through games, art projects, and garden explorations- including a treasure hunt! This is always a full and fun camp at **MAGC**.

Please provide a snack, a lunch, and a water bottle for your child.

July 19 - 23 "Pollen Party"

For incoming Second - Third Graders

9 am - 1 pm M-F

Did you know that creatures like bees, butterflies, hummingbirds, wasps, and bats help make our food by carrying pollen from flower to flower? During this week we'll play games, learn about flowers, fruits, and seeds, search for bees and butterflies, taste honey, and celebrate by snacking on some of the fruits of the pollinators' labors. We also create art projects that will help us remember the lessons we learned while having tons of fun at **MAGC**. Please provide a snack, a lunch, and a water bottle for your child.

July 26 - 30 "Hop, Slither, and Crawl,"

for Preschoolers ages 3-4*

9 a.m.-12 p.m. M-F

* Children must be toilet trained

With magnifying glasses, we'll turn over rocks, peer into flowers, and sift through the worm bin in search of roly-polies, ladybugs, caterpillars and more! We'll also use our discoveries as inspiration for artwork and craft projects that will help us remember what we've learned and how much fun we had at **MAGC Camp**.

Please provide a snack, a lunch, and a water bottle for your child.

August 2 - 6 "California Treasures,"

for Incoming Kindergartners and First Graders

9 a.m.-1 p.m. M-F

Do you know what our state bird and butterfly look like? Join in on the fun as we explore the gardens in search of California's treasures flapping, buzzing and flying through the air, crawling on the ground and growing in the gardens. We will learn about our state's treasures through games, art, and garden explorations- including a treasure hunt! This is always a full and fun camp at **MAGC**.

Please provide a snack, a lunch, and a water bottle for your child.

August 9 - 13 "Pollen Party"

For incoming K - 1

9 am - 1 pm M-F

Did you know that creatures like bees, butterflies, hummingbirds, wasps, and bats help make our food by carrying pollen from flower to flower? During this week we'll play games, learn about flowers, fruits, and seeds, search for bees and butterflies, taste honey, and celebrate by snacking on some of the fruits of the pollinators' labors. We also create art projects that will help us remember the lessons we learned while having tons of fun at MAGC. Please provide a snack, a lunch, and a water bottle for your child.

August 16 - 20 "Big Bug Nature & Art"

For incoming K-1 9 am - 1 pm M-F

The Marin Art & Garden Center will provide a super back-drop for a week of exploring the nature around us and also exploring a variety of creative materials and methods. All of our projects will be nature-themed - from birdhouses to birdbaths, wind-chimes to watercolor flowers - this will be *doodlebug* with an artistic eye on Mother Nature. We know that you'll appreciate the skills you learn - and the fun you'll have, while you learn to add your own inspired creative touch to the great outdoors!
